

# Be Part of the Solution

36,000 Americans die yearly  
from a vaccine preventable disease;  
**INFLUENZA**

**Hosting a clinic is easy and there is no fee.**

**WE COME TO YOU!** We handle everything and furnish you with all you need to host a clinic. We give you flyers, reminders, consent forms, e-mail blurbs, etc. to insure your clinic's success.

We need a minimum of 10 people in order for us to come on site. One nurse can administer about 25 - 30 shots per hour. All you need to provide is a space with one or two tables or empty desks, some chairs and a waste receptacle.

**SENIORS – The Centers for Disease Control states:**

### **Influenza Vaccine**

recommended yearly for everyone over age 65.

### **Pneumococcal vaccine**

recommended once for all adults age 65 and older and again 5 years later.

**We accept Medicare Part B, Rocky Mountain Health Plan, CIGNA and Aetna,  
or we collect cash, checks or credit cards from individuals**

**[IF YOU HAVE QUESTIONS, PLEASE EMAIL, CALL OR FAX:](#)**

**MILE HI IMMUNIZATIONS**

**2000 Wadsworth Blvd, Lakewood, CO 80214**
