

2016 Voucher Program for Employers

Our Voucher Program is very popular with employers and employees.

Sometimes employees are absent or working in the field on the day the clinic is held at their workplace. These employees can use Company vouchers at any branch locations or at any of our public clinic locations or any Passport Health location and we will bill the employer at the end of flu season.

Or, when a business or organization doesn't have enough people to meet the minimum requirement of 10, we can furnish vouchers for their employees to use at any of our locations. We will bill their employers at the end of flu season only for redeemed vouchers.

To receive your customized voucher form, please fax to 303-374-8656 or send an email to info@milehiimmunizations.com and please include the following information *(if your contact information has not changed, just put your company name on the first line and then just write "same" across the rest of the items.*

Company Name: _____

Address: _____

Contact Name: _____
